SCID GRADUATION SCHOLARSHIP

EXPERIENCE

Volvo Cars APHQ SHANGHAI, CN | JUL. 2020 - JAN. 2021

UX Designer Intern

- Responsible for car battery health app design and proactive repair app design with Figma.
- Propose new wireframe and produce mockup using Figma, working with developers to build app prototypes using Zeplin.
- Design service system for onboarding and balance the relationship between WeChat mini program and mobile app.
- Be familiar with the design and development of mobile software using Figma and understand how qualitative and quantitative research can help with interaction design and visual design.

Pro-Iroda Industries Inc. TAICHUNG, TW | JUL. 2022 - AUG. 2022

Industrial Designer Intern

- Led the development and engineering of the next-generation B2Q KIT grills, focusing on innovative design and functionality.
- Successfully produced functional prototypes using 3D modeling and sheet metal drawings with Fusion 360, ensuring high-quality standards.
- Handled the mechanical and structural design of the grill, employing both sketching and modeling techniques to achieve optimal results.
- Drove efforts for commercial sponsorship and international exposure by effectively documenting and presenting design and development processes using InDesign.
