EDUCATION

ArtCenter College of Design PASADENA, CA | DEC. 2024

M.S. in Industrial Design

Drucker School of Management CLAREMONT, CA | MAY. 2024

M.B.A. in Innovation Systems Design

Shih Chien University TAIPEI, TW | JUN. 2022

B.A. in Industrial Design

Hochschule Pforzheim University PFORZHEIM, DE | MAR. - SEP. 2021

Exchange in Industrial Design

EXPERIENCE

HP Inc. SPRING, TX | OCT. 2024 - PRESENT

Industrial Designer Intern

- Developed an AI-powered education device concept by conducting user research, sketching ideas, building 3D models in SolidWorks, rendering in KeyShot, designing UI flows, and delivering a complete presentation deck.
- Collaborated with the UX & Innovation team on UX research and create Figma wireframes and high-fidelity mockups for commercial-laptop website redesign concepts.
- Supported the commercial core team in sub-brand exploration by proposing multiple logo options, using Illustrator and KeyShot to visualize positioning and refine visual identity details.

DiDi RoboTaxi Sponsored Studio PASADENA, CA | MAY. - AUG. 2024

Industrial Designer

- Led design research and transformed insights into innovative robotaxi user experience concepts that shaped both the exterior and interior design.
- Explored and developed design directions using sketching, AIGC, 3D modeling, and 3D printing; utilized Rhino's SubD tools to build exterior models.
- Produced key final deliverables, including creating the user journey and script, with scene rendering and animation done in Twinmotion, and the video edited in Premiere for the final presentation.

Pro-Iroda Industries Inc. TAICHUNG, TW | JUL. - AUG. 2022

Industrial Designer Intern

- Led the development and engineering of the next-generation B2Q KIT grills. Successfully produced functional prototypes using 3D modeling and sheet metal drawings with Fusion 360, ensuring high-quality standards.

Volvo Cars APHQ SHANGHAI, CN | JUL. 2020 - JAN. 2021

UX Designer Intern

- Responsible for car battery health app design and proactive repair app design with Figma.
- Propose new wireframe and produce mockup using Figma, working with developers to build app prototypes using Zeplin.
- Design service system for onboarding and balance the relationship between WeChat mini program and mobile app.

SKILLS

Competency

Design Strategy, User Experience Design, Design Research, Design Thinking, Problem Solving, Design Management, Product Design, Service Design, Graphic Design, Marketing Research, Presentation, Storytelling

Softwares

Figma, Python, Photoshop, Illustrator, InDesign, Premiere, Rhino, Alias, Solidworks, Keyshot, Twinmotion, Midjourney, Stable Diffusion, MS Office

Prototypes

Sketching, Information Architecture, Wireframes, High-Fidelity Mockups, 2D/3D Rendering, Rapid Prototype, 3D Printing, CNC
